

Prion detection – tools & kits

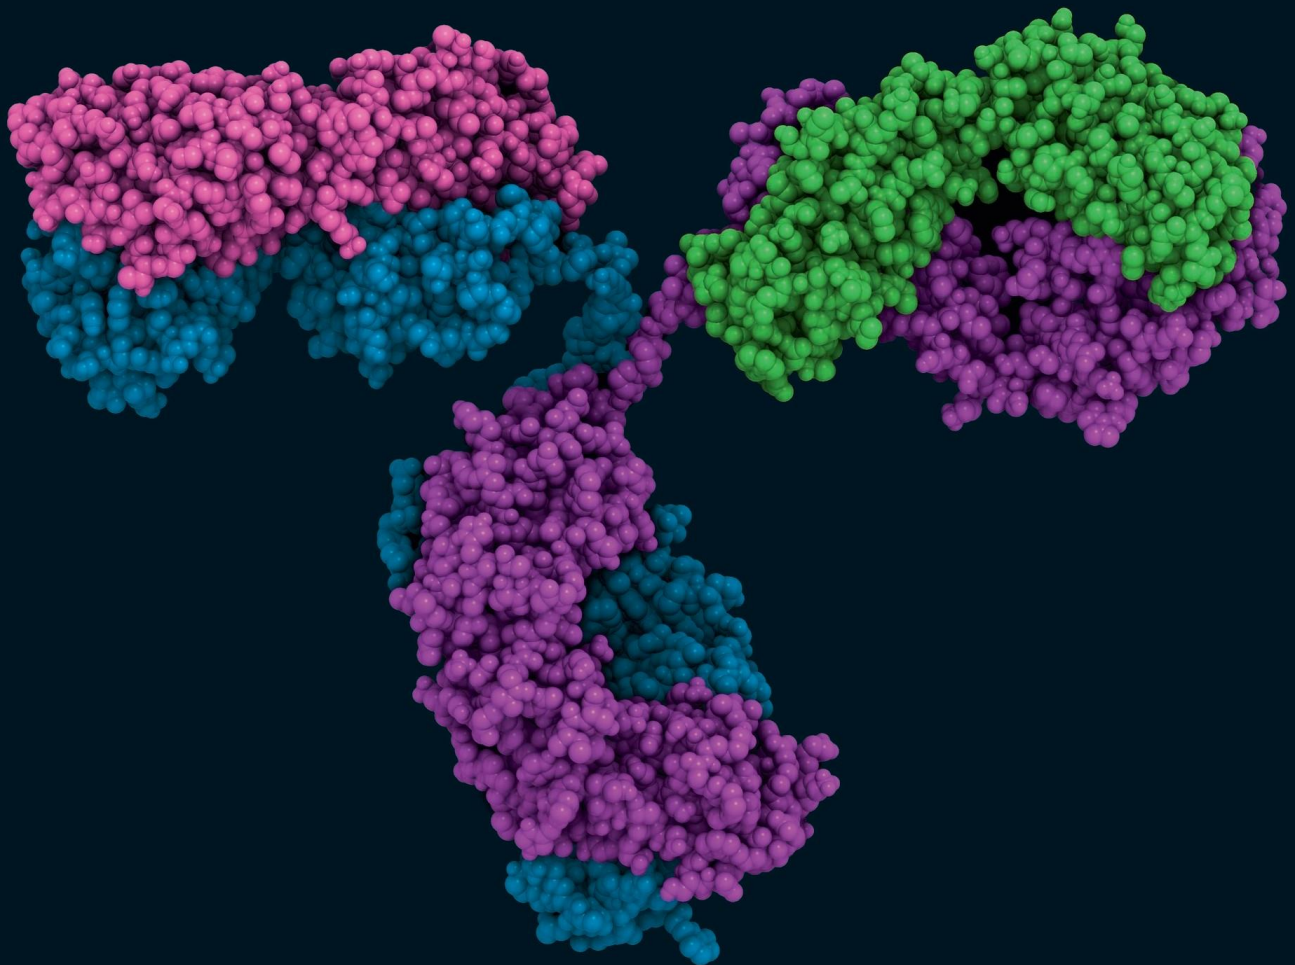

For human, bovine, ovine & others

Kits for detection of prions

High specific and well characterized antibodies for all common techniques

Recombinant full length prion proteins

Genotypic variants of ovine prion proteins

Prion detection – tools & kits | For human, bovine, ovine & others

Kits for detection of prions

▲ BetaPrion® BSE EIA Test Kit

- f BetaPrion® HUMAN EIA Test for quantitative detection of prions in human samples
- f BetaPrion® BSE and SCRAPIE EIA Test Kits including sample purification and detection module for detection of TSE in bovine and small ruminants

Product	Cat.No.	Pack size
BetaPrion® HUMAN EIA Test Kit	0104000104	90 tests
BetaPrion® BSE EIA Test Kit	0104000102	90 tests
BetaPrion® SCRAPIE EIA Test Kit	0104000103	90 tests

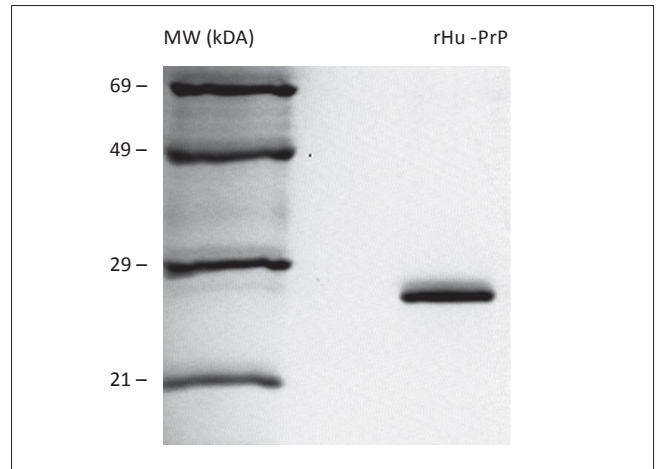

Prion antibodies

- f High specific and well characterized suitable for all common techniques
- f Reactive with human, bovine, ovine, mouse and deer
- f Monoclonal and polyclonal antibodies available
- f Peroxidase or biotin labeled

Product	Cat.No.	Pack size
Anti-bovine prion protein 4F7, monoclonal	0102000701	100 µg
Anti-bovine prion protein 1E5, monoclonal	0102000801	100 µg
Anti-human prion protein 3F3, monoclonal	0102003301	100 µg
Anti-human prion protein 15F5, monoclonal	0102003401	100 µg
Anti-ovine prion protein 683, monoclonal	0102002901	100 µg
Anti-mouse prion pretein T188, monoclonal	0102002701	100 µg
Anti-bovine prion protein pAB R10, polyclonal	0103000101	100 µl
Anti-human prion protein pAB M02, polyclonal	0103000501	100 µl

Prion proteins

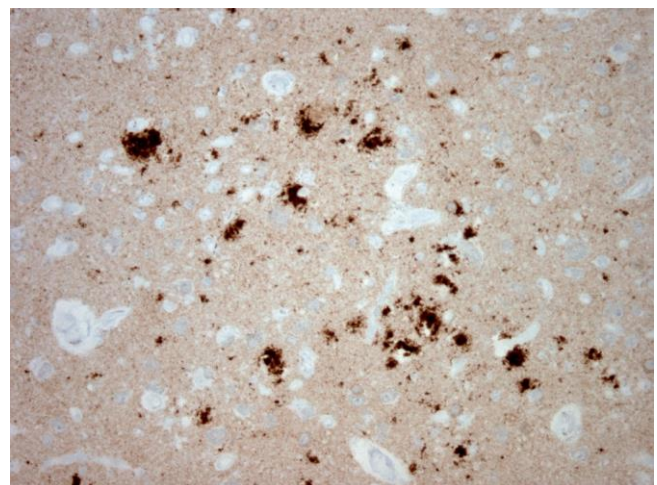

▲ Recombinant human prion protein and molecular weight standard separated by SDS-PAGE under reducing conditions.

- f Recombinant full length prion proteins from human, cattle, sheep, deer and mouse
- f Genotypic variants of ovine prion proteins available as standards or controls and for validation procedures etc.

Product	Cat.No.	Pack size
Recombinant human prion protein (rhu-PrP ^C)	0101000301	100 µg
Recombinant bovine prion protein (rb-PrP ^C)	0101000101	100 µg
Recombinant sheep prion protein (rsh-PrP ^C)	0101000601	100 µg
Recombinant deer prion protein (rd-PrP ^C)	0101000701	100 µg
Recombinant murine prion protein (rmu-PrP ^C)	0101007101	100 µg
